

Echosphere Hackathon 2026: Official Guidelines

Welcome to the **Echosphere Hackathon**. This document contains everything you need to know about the registration process, team requirements, communication channels, and the roadmap to the Grand Finale.

Mandatory Action Items

To participate in Echosphere, all teams must complete their registration and join the designated communication platforms.

- **Registration:** Mandatory for all teams via Commudle. Complete your registration here: <https://www.commudle.com/communities/knotic/hackathons/echosphere>. (If you have already registered, please ignore).
- **Team Composition:** Minimum 2 members, maximum 4 members.
- **Communication Channels:**
 - **WhatsApp:** For Team Leads only.
 - **Discord:** For all members. Join here: <https://discord.gg/3TG4EVgcRk>.

Hackathon Timeline at a Glance

Round	Stage	Dates
Round 1	Registration & Team Formation	21 July – 25 August
Round 2	Idea Submission & Screening	26 – 28 August
Round 3	Development Sprint & Mentorship	29 August – 3 September

Round	Stage	Dates
Round 4	Project Submission & Evaluation	4 – 6 September
Round 5	Grand Finale & Final Judging	12 September

Detailed Phase Breakdown

Round 1: Registration

Dates: 21 July – 25 August 2026

Participants must register their teams and submit initial project details, including the problem statement, technology stack, and selected track.

Round 2: Application Screening & Idea Submission

Dates: 26 August – 28 August 2026

Eligible teams will receive a presentation template. You must submit a detailed proposal covering:

- Problem Statement & Proposed Solution
- Technical Architecture
- Expected Impact
- **Agora Technologies Integration:** How you plan to utilize Agora SDKs.
- **Outcome:** Top 250–500 teams will be shortlisted for the Development Sprint.

Round 3: Online Mentorship & Development Sprint

Dates: 29 August – 3 September 2026

Shortlisted teams will have one week to build their prototypes.

- **Mentorship:** Each team receives one dedicated 1:1 session for technical guidance.
- **Support:** Technical troubleshooting via Discord by Agora Team (<https://discord.gg/3TG4EVqcRk>).
- **Focus Areas:** Agora SDKs (RTC, Voice AI, Conversational AI), AI Agents, and UX.

Round 4: Project Submission & Online Evaluation

Dates: 4 September – 6 September 2026

- **Deadline:** 6 Sept 2026 at 11:00 PM IST.
- **Submission Requirements:** GitHub repo, working prototype, demo video, and pitch deck.
- **Evaluation:** Teams will present their prototype online. Scoring is based on innovation, technical implementation, and effective use of Agora technologies.
- **Outcome:** Top teams selected as Grand Finalists.

Round 5: Finale Preparation & Grand Finale

Dates: 8 September – 12 September 2026

- **Preparation (8–11 Sep):** Finalists refine their live demos and pitches. You may improve the UI/UX and presentation, but no major features can be added after the Round 4 evaluation.
- **Grand Finale (12 Sep):** An offline event featuring live "Shark Tank-style" product pitches before an expert jury.
- **Judging Criteria:** Scalability, Business Potential, Real-World Impact, and Quality of Live Demonstration.

Awards & Recognition

The hackathon will conclude with an awards ceremony to recognize:

- **Winner**
- **1st Runner-Up**
- **2nd Runner-Up**
- **3rd Runner-Up**

Exclusive Goodies & Certificates for the Top 10 Teams

Digital Certificates for all eligible participants

We look forward to seeing your innovative solutions in the Echosphere! For any questions, please reach out via the official Discord server.
